## MIDDLETOWN DEFEATS HOSPITAL

One Sided Game on Local Grounds Results in 10 to 2 Victory For Visitors-Home Team Goes Up in Seventh-Hoar Effective All the Way-Moore Poorly Supported.

The Norwich State hospital baseball nine once more fell before the fast Middletown hospital team when the two nines met oa the Brewster's neck grounds Thursday afternoon, victory going to the visitors by a 10 to 2 score. Hoar, who twirled for Middletown, had great control and was master of the situation at all stages. He received good support from his team mates. Quinn for the visitors put up a star game at first and landed for two singles at the plate.

Chase's arm was having an off day and Middletown runners had little difficulty in stealing the second bag, as the hospital backstop's throws were all wide of the sack.

Until the seventh inning the local team played good ball and gave every indication of redeeming itself from some of the recent bad defeats. In the seventh inning, with men on second and third. some of the recent bad defeats. In the seventh inning, with men on second and third, Moore dodged a ball hir straight to his glove and allowed the two to score. This started the general degeneration and in the eighth errors and hits joined to give the visitors four more runs. Still another tally was chalked down in the ninth. The hospital scored their two runs in the first and fourth. The first part of the game was fast and close and proved interesting. There was a big crowd of Norwich fans at the game. The score:

MONTVILLE'S ANSWER. Flaherty's Side of the Montville-Airlie

Controversy. Regarding the Montville-Airlie strife Manager Flaherty of Montville writes the sporting editor of The Bulletin as

follows:
troversy, such as the present Airlie and
Montville affair is out of the question
in the columns of your paper. Inasmuch as Hanover has stated their case,
I ask to have a reply printed. Mr. Harrison should be the last one to deal in ersonalities, for reasons innumera-

Manager Harvey Wishes to Play For Side Bet of \$25.

Manager Bill Harvey admits that that is a very pertinent argument that Philadelphia Jack Wilson of the Elks raised on the Detect question of having to send out and get a pitcher to win a game. Mr. Harvey wishes to state that his pitcher Jackie
Kane belongs to the Norwich nest of
Owls, while the Elks pitcher, Tony
Bernard does not belong to the Norwich Elks. Bernard comes from the
Detrace ledges Putnam lodge.

Question number two was that Question number two was that Jackie Wilson said he was asked to pick up an Elk team just to accommodate Manager Harvey, but Manager Harvey says this is not so, he states that Wilson came to him and said he could pick up a team from the Norwich Elks that could trim the team from the Norwich Nest of Owls. Also Jack Wilson says that he will play the Owls for a marble or a man-Also Jack Wilson says that he will play the Owls for a marble or a man-sion. But lets get back to common sense and talk sanely, money. Man-ager Harvey says he will take that challenge and if Manager Wilson means what he says, he will find 25 cold bucks to be covered at the Bul-

letin office. letin office.

Manager Harvey also wishes to state that he has \$25 more to bet that his team can beat any other fraternal order baseball team in Norwich. Manager Harvey wishes to state one more thing and that is that the Driscoll's All-Stars would like to play some team on August 4, 1912. Address to Bill Harvey. Los Georges, dress to Bill Harvey, Joe George's

The question is that I put in the only man available for umpire, and he was not instructed to play favorites, which would be fallacy for him, as no man appreciates being "canned." Nevsaheless when Hanover objected to him the fact remains that I let them put their oyn umpire in, and he was as bad if not worse for calling the deciding hit of the game foul, so as the visitors refused to continue with our umpire, we would not go further with theirs. Several of the Hanover players know that each and every Montville player stayed on the field ready to continue, and I personally asked one or two of the Afrile players that remained on the field, among them was Norman Standish, to go after the others under penalty of not getting expenses if the game.

GENERAL ELECTRIC ACTIVE. Stock Dividend of 30 Per Cent. Brings Best Price Since 1905.

New York, July 25.—One of the un-usual features of today's stock market, which was dull and generally uninter-esting until late in the session, was the fact that General Electric, ordin-arily one of the most dormant issues, was next to United States Steel, the most active security in the list. This most active security in the list. This unusual prominence was explained before noon, when it became known that Whole Country Represented in F. A. M. the directors of General Electric had declared a stock dividend of 30 per

Traversing eight states and traveling 1.751 miles several hundred motor-cyclists from nearly every mock and corner of the United States attended the tenth annal convention and meet of the Federation of American Motor-cyclists held a few days ago in Columbus, Ohlo. The riders were greeted enronte by residents of several score cities and towns, and entered the Ohlo capital "mpick and span," where they were presented with gold medals for participating successfully in the tours. The four routes led from Chicago Lousville, Ky., Baltimore, Md., and Albany, N. Y., to Columbus. The riders proceeded on schedule time and entered the Columbus similtaneously. After their triumphant entry from east and west they formed a parade down the main theroughfares of the convention city.

All in all, the tours this year were the greatest in the history of the two these of roads and through muddy paths. Already the success of the 1912 tours has no taken hold of the riders that uppon returning to their homes they are expecting to talk plans for 1913 with a success of the day.

Strict Enforcement of Traffic Laws in Westerly-Reckless Driving Cause of Complaint in New London-A. A. A. Transcontinental Good Roads Tour - Underinflation Source of Much Tire Trouble-Westerly's \$11,500 Machine.

The presecution of violators of the automobile laws has commenced earlier this season than ever before in Westerly, and Chief Brown proposes to enforce the law all the year round and not confine his efforts to the summer season. It has been the custom in years gone by not to commence the campaign against offenders until after the close of the hotels and the departure of the cottagers from Watch Hill, but this year arrests were made before the hotels opened and now the womers of automobiles at the hill realize that it is policy to observe the The official A. A. A. Field Representative, A. L. Westgard, who is making three transcontinental trips in the "Pathfinder" car has now crossed Montana and has entered the state of Washington. Crossing Montana proved slower and more difficult than had been anticipated on account of the long stretches of sparsely settled country, along the Yellowstone river, where road improvement on modern owners of automobiles at the hill realize that it is policy to observe the law for they know that violation cartinities with it almost sure prosecution.

The present is the first season that the regular police have had the agaistance of motor cycle constables, without which it is almost impossible to get speeders right, and the good results are thus early manifest. The change in conditions is halled with declared to the policy of the opwhere road improvement on modern lines has scarcely more than started. It was necessary to cross the Powder river on a railroad bridge and after-ward sleep in the car on the prairie, because no town could be reached that same night. light by fully nine-tenths of the op-erators of cars, who declare that the reckless driver is a menace to other automobilists to even a greater ex-tent than to pedestrians or animaldrawn vehicles.
